

*Penn Marketplace
Punch Out Supplier
User Guide*

Ordering Fisher Scientific Products in the Penn Marketplace

- **The Fisher Scientific link** takes the user directly to the Penn specific Fisher Scientific website while still remaining within the Penn Marketplace.
- From here, you will be directed to the **Home Page** where you can link to all areas of the Fisher Scientific website. Users may “Rapid Order” items for a quick search, browse catalogs, review/create Hot Lists or Templates or get access to help screens within Fisher Scientifics’ website.
- **Penn specific pricing** and real-time inventory availability will be available.
- When **finished shopping** and placing items into a shopping cart, all of the information is automatically transferred back to the Penn Marketplace as a requisition to complete the process of account code distribution, shipping information, approving and creating purchase orders.
- To use the Fisher Scientific punchout site, you need only to click on the Fisher Scientific icon that appears under **Product Search** tab under the Categories of **All** or **Lab Supplies** as shown below.

The screenshot shows a web browser window with the URL <http://usertest.sciquest.com/apps/Router/Home?tmstmp=1109193839851>. The page is titled "Home - Product Search - Microsoft Internet Explorer". The main content area is divided into several sections:

- Welcome VIRA O HOMICK**
- Organization Message**: A message box containing information about Penn Specific IBM PC Configurations and new suppliers.
- System Messages**
- My Resources**: A list of recent enhancements and contact information.
- Product Search**: A search interface with various filters and a search button.
- Punchout**: A section displaying a grid of supplier logos. The Fisher Scientific logo is circled in red, and a red arrow points to it from the text below.

Creating an Order

Users may use several options to add items to a shopping cart:

- Place Rapid Order - View Shopping Cart
- My Hotlists - View Order Status
- My Templates - Review Requisitions

- 1) **Place Rapid Order:** The quickest way to input a Fisher, Manufacturer or competitor part number for immediate cross-reference.
- 2) **My Hotlists:** These are user created lists of frequently used and ordered products. You may create more than one personal hotlist and customize both the title and the product description.
- 3) **My Templates:** This function can be used to save shopping carts for re-use or re-edits at a later time. They can also be used to save grouped items that are frequently ordered together.
- 4) **Shopping Cart:** Users will drop their items into a shopping cart to display price and availability of product. From here, the user may check out to the Penn Marketplace.
- 5) **Product Search:** Users can input text searches for their items or use the **More Options** feature to refine their search criteria. They can also search online for MSDS, C of A by lot number or substructure search by chemical name

If you are looking for a different lot, enter both the catalog number and lot number above.

If you enter only the catalog number, you'll get a list of the recent lot numbers for that Fisher Chemical. Click the lot number desired. If not listed, enter it in the field provided, then click SEARCH CERTIFICATE OF ANALYSIS. If you enter both the catalog number and the lot number, you'll go directly to the C of A requested.
