

Reliable sample storage to protect your research

Available and ready to ship now

Designed for purpose and performance

Even in the harshest low-temperature conditions, you can trust Thermo Scientific™ plastics for safe sample storage. Thermo Scientific™ cryotubes are designed for your workflow with application temperatures in mind. The result is reliable sample storage across a range of temperatures over the lifetime of the stored sample.

Manufactured with quality in mind

For over 60 years, scientists have recognized our plastics and polymers for their industry-leading construction. Thermo Scientific™ Nunc™ and Nalgene™ tubes are manufactured with strict quality control using only virgin, medical-grade polypropylene resins that are tested to meet the USP plastic materials standard of construction.

These high-quality tubes are produced in an industry-leading Class 7 clean room. Nunc and Nalgene products are free of DNase, RNase, cytotoxins, and mutagenic agents. They are also certified to have a sterility assurance level (SAL) of 10^{-6} .

From now until June 30, 2024, buy 3 cases of selected cryotubes and receive 2 more cases at no additional charge.*

Here's how to take advantage of this offer:

1. Choose 3 cases of the same product and add them to your cart.
2. Place your order.
3. Complete and submit the [redemption form](#) by July 31, 2024, to receive your 2 free qualifying cases.

* This promotion is open only to customers in the US (excluding Puerto Rico) and Canada. Customers must purchase three (3) cases of the same qualifying cryotubes in a single order and complete the redemption form to receive two (2) additional of the same cryotubes for free. Offer is valid for qualifying orders received no later than June 30, 2024, or until promotional supplies are depleted, whichever comes first. The redemption request must be received by July 31, 2024. Customers are allowed 20 redemptions. Cannot be combined with other discounts or promotions. Offer void where prohibited, licensed, or restricted by federal, state, provincial, or local laws or regulation or agency/institutional policy. Other restrictions may apply.
