Find it at fishersci.com and fishersci.ca
Kimtech™ Polaris™ Nitrile Exam Gloves

Kimtech™ Polaris™ Nitrile Exam Gloves meet and exceed the industry standards for exam gloves.

- Designed for use in laboratories; also suitable for pharmaceutical manufacturing, med device manufacturing, biotechnology.
- Tested against 24 chemotherapy drugs, which is almost triple the number required by the ASTM D6978 standard for chemotherapy use.
- More than double the strength of the industry standard, the Kimtech™ Polaris™ Nitrile Exam Glove has an average tensile strength of 31 Mpa (after aging).
- Tested for use with Fentanyl and Simulated Gastric Acid per ASTM D6978-05.
- Meets FDA food contact requirements set forth in 21 CFR 177.2600.
- Does not contain silicone according to results obtained using test method SAE AMS 3819C.

The Apex™ Program is a complimentary training program that ensures a seamless transition to the Kimtech™ Brand of products in environments, such as research labs, semi-conductor production, or advanced manufacturing, where personal safety and contamination control are essential. By effectively engaging employees, Apex ensures the protection of your process while enhancing efficiency and performance.
