

Meet the Highest Standards

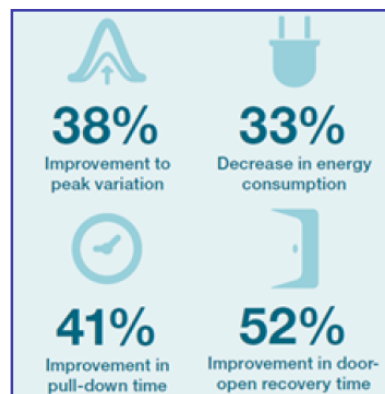

NEW TSX Universal Series -80 Freezer

TSX Universal ULTs adapt to your needs, helps reduce your environmental impact, and is built on our most robust design ever:

- **Universally tighter performance** - faster pull down, faster recovery times, and faster reentry time
- **Advanced sustainability** - 33% reduction in energy consumption & lowest ACT Sustainability score of any ULT
- **Expanded setpoint range** -40°C to -86°C to meet more applications.
- **First Class II medical device** in our TSX ULT series.
- **Whisper Quiet** at just 43.6 dba.
- **True universal voltage** (100-240V 50/60Hz) provides consistent performance globally.

Latest variable speed hardware + Intelligent algorithm with 110% on time + Universal voltage electronics =

Universal V-Drive with benefits up to:

Upgrade Your Ultra-Low Freezer for Less

Penn Sustainability offers a rebate of \$2,500 with purchase of a freezer from the following list:

Estar power (kW-hr/day/cuft)	
Capacity size	TSX Universal
TSX700FA	0.24
TSX600FA	0.27
TSX500FA	0.31

If applicable, Fisher Scientific will arrange for pick up and disposal of your older, inefficient freezer. Penn Sustainability offers an **additional \$500 replacement rebate!**

As part of The University of Pennsylvania's contractual benefits, Fisher Scientific also provides free inside delivery of your new freezer.

Please see the following website for more information and to download the ULT Freezer Rebate Application:
