

MilliporeSigma and Neta Scientific Supporting UPENN Supplier Diversity Program

UPENN is committed to increasing opportunities for small and diversified business within the university system.

MilliporeSigma and Neta Scientific have teamed up to help meet those goals by offering access to the Sigma-Aldrich, Millipore, Supelco and Milli-Q portfolios through Neta Scientific beginning August 29, 2022.

MilliporeSigma

At MilliporeSigma, we have built a unique collection of life science brands with unrivalled experience in supporting your scientific advancements.
